

International Symposium: Intensive Care Medicine

Symposium Chairs: Dr. Stoja Eric & Dr. Adnan Begovic

Institutional Host: Clinical University Center Sarajevo (KCUS)

Scholarly Invitation: Principles of Modern Intensive Care Units

The Clinical University Center Sarajevo (KCUS) is pleased to extend a formal invitation to attend an expert-led symposium entitled "**Principles of Modern Intensive Care Units.**"

Conducted as a core component of the BHAAAS Days in Sarajevo, this scholarly event serves as a forum for disseminating clinical expertise and perspectives on modern ICU structure and development. Participants will engage in a series of plenary presentations and structured panel discussions designed to facilitate the exchange of their knowledge and experience. The symposium's primary objective is to evaluate methodologies for the planning, organizational structure, and clinical advancement of modern intensive care units, with particular emphasis on aligning global best practices with regional healthcare infrastructure and capabilities.
